Welcome to Mokusei's Internship Program

The **Mokusei Internship Program** is open to interested applicants **from all over the world. It does not matter to us what gender you are, what nationality and origin you belong to, what race or religion or faith you follow.**

Applicants must be MINIMUM 16 years old to apply for the internship. **If you are less than 18 years old** - your **application must accompany an official letter or chat screenshot or email screenshot from any one of your parents or guardian** giving or expressing their **consent for your internship**.

If you are **LESS than 18 years of age and you get shortlisted for a PAID internship --** **your stipend will keep accumulating and accruing with the Company** and you will receive this stipend when you become 18 years old. **However, if you are in need of immediate financial assistance, Mokusei will figure out a way** to make sure your stipend reaches you in some way or another.

And **if you are 18 years old or older --** **you MUST have your personal bank account to be eligible for the PAID Internship.**

Internship Duration:

Minimum 45 Days -- Maximum 3 months. In case your performance in the internship is found to be satisfactory & up to the mark, you may choose to continue with the internship even after 3 months if the internship is renewed.

Internship Options:

Option A) -- **UNPAID** Internship.

This Internship option is **OPEN TO ALL.** Mokusei will accept absolutely anyone who wants to be an intern. In this internship you will get **only Phone & Internet Expenses.**

This Option has NO restrictions on your time and availability. You can work according to your own time and schedule. The Team Lead will assign tasks to you. **When the assigned tasks get completed, you will get more tasks if you like & want. For every 50 tasks that you complete, you will receive up to Rs 1,000 upon submission of Phone and/or Internet bill.**

All you need to do is **send an email to mokusei@vallued.ai** with the **Subject** as **"Application for UNPAID Internship". Attach your CV/Resume in the email - or a link to your LinkedIn profile.**

At the end of this internship **-- you will receive a CERTIFICATE of Recognition and Performance depending on your performance and work ethic in the internship.**

Option B) -- **PAID** Internship.

For the PAID Internship, you need to complete the application process. You need to answer the questions given below and **send your application in a Word or PDF document to mokusei@vallued.ai** with the **Subject** as **"Application for PAID Internship".**

Fixed Stipend -- **Rs 5,000 per month.**

You will be **accepted for the PAID Internship based on the merit and strength of your application**. Applications can be submitted **in ANY LANGUAGE**. Application can be submitted **either in TEXT form or AUDIO form or VIDEO form**. In case your **application is incomplete or has defects in it, the Mokusei team will give you feedback on which questions you need to redo and resubmit.** You can **choose the format and medium of feedback that you would prefer** - whichever style you understand best. This exercise is in place to **check how easily you understand Team Communication & Feedback**, and **how soon or how easily you incorporate it in your tasks**.

International interns -- or interns who reside in countries other than India -- **will get a stipend adjusted according to the standard of living and cost of living** in the countries of their residence.

Whenever they opt for STIPEND in the form of equity or shares -- the transactions are subject to local laws that govern the share or equity transactions. **Applicants are advised to read up on local laws before opting for this option.**

Since **Mokusei always keeps its doors open for all interns** --- WE NEVER TURN ANYONE AWAY AS LONG AS THEY HAVE A BURNING DESIRE AND WILL TO LEARN --- and **if your internship**

application is incomplete, or carries defects even after receiving feedback in your chosen medium/further --- **you are most welcome to join the Mokusei Tribe as an intern as an UNPAID intern** simply to learn, grow, network with fellow interns, and experience new stuff.

If accepted for the **PAID Internship**, your **Team Lead will assign you tasks and tell you the deadline or timeline** within which that task must be completed. **Team Leads will inform interns about the task at least 6 hours in advance.** Interns **MUST complete** the **assigned tasks** in that given time under all circumstances. **Some tasks might get over in 20 minutes and some might take 4-5 hours.** So you need to be ready and mentally prepared for whatever task that comes your way. **The Team Lead will assign you tasks based on what area of focus you choose & like.**

Whenever interns **miss three deadlines/timelines for task completion & submission** -- they will be **moved to the "Bench" for 3 days**. Take the time off on the bench. Get your affairs and life sorted. **No compensation will be provided for the entire duration of the time that you spend while "cooling-heels--on-the-bench". Interns will then be sent back to the field after 3 days on Bench.**

If PAID interns end up on the "Bench" for 3 times -- their Internship Option will **SWITCH to "UNPAID INTERNSHIP"** by **default.**

As a part of your **PAID Internship Application** Mokusei expects the applicants to perform some basic exercises or tasks as applicable and needed. The purpose of these tasks is to determine how closely you pay attention to detail, how well do you understand content and written instruction, in case you do not understand some instructions or aspects about the content then what is it that you do to make sure your assignment gets completed and delivered on time, how well do you use your creativity and think outside the box, how well do you manage your time and balance your assignments along with your studies or life, and so on.
